

Join us in preparing University of South Florida Sarasota-Manatee campus students for the world of work while achieving your business or organizational goals. Your expertise can make a difference in a student's career decisions and professional development.

Recruiters consistently rate our students as above average in career readiness.

- Source our talent for jobs and internships through **usfsm.joinhandshake.com**, which offers a range of benefits for businesses and organizations.
- Recruit our students for an **internship** to create an applied learning experience for routine or project-based assignments. Students work part- or full-time hours over 10-15 weeks.
- Participate in our unique **Turn the Tables** event, where students prepare a personalized display of their career skills and interests in a twist on traditional career fair formats. Participating companies visit and interview students at their displays.
- Design a series such as our campus' annual **Northwestern Mutual Leadership Series**, which includes modules on leadership development and culminates in student presentations.

Gain employer recognition on campus.

- Promote your business to students and alumni by attending **on-campus events**, such as career expos, panel discussions or other community building activities.
- Evaluate students' presentation and communication skills by conducting **mock interviews** on campus or via Skype.

2018 TURN THE TABLES EVENT

82%

received job or internship offers

**based on 22 out of 26 participant responses*
